Town Meetings

WEDNESDAY, January 3, 1906.

John W. Cawley was elected moderator and sworn by the Town Clerk.

Voted, To appropriate the sum of $1961.68 for the purpose of continuing the work of destroying the eggs, pupæ and nests of the Gypsy and Brown Tail Moths in the highways and public ways of the town; also, to appropriate the further sum of $500 to be expended in destroying the eggs, pupæ and nests of the Gypsy and Brown Tail Moths upon private property, the sum or sums so expended to be assessed upon the owners of such property benefited, as provided in Chapter 381 of the Acts of the year 1905.

Voted, To adjourn.

Town Meeting

MONDAY, March 5, 1906.

John W. Cawley was elected Moderator and sworn by the Town Clerk.

John A. Alden, T. Fred Emery, Frank B. Jenkins, Clarence S. Lynde, Charles P. Brawley, Bernard W. Halpin, William H. Ahern, and Herbert G. Daley, Tellers, having been appointed by the Selectmen as required by law, were sworn to the faithful performance of their duties by the Town Clerk.

The first set of ballots was delivered to the Ballot

Clerks who receipted for the same, the ballot box opened, inspected, the register set at 0, locked, and the keys delivered to the constable; after which the polls were declared open to receive the ballots under Article 2 of the warrant.

The ballot box getting out of order after 8 ballots had been cast, an open ballot box was substituted.

Voted, To close the polls open under Article 2 at four o'clock in the afternoon.

Voted, That when this meeting adjourn, it be until Tuesday, March 13, 1906, to meet in Armory Hall at 7.30 o'clock in the evening.

Voted, That all action on the articles of this warrant, excepting Articles 1 and 2, be postponed until the adjourned meeting, Tuesday, March 13, 1906.

At 9 o'clock in the forenoon, the regular ballot box having been repaired, it was substituted for the open box; the open box was securely locked with the ballots deposited therein.

The Moderator appointed as additional Tellers to assort and count the ballots, the following, who were sworn by the Town Clerk.

Guy Trombetta, Levi A. Holden, Fred R. Fall, Herbert D. Morey, Walter Paige, Charles E. Cloutman, Myron P. Peffers, Raymond A. Willett, Alfred T. Peacock, Bernard W. Conefy, Charles F. Blodgett, Frank H. Reynolds, Lee Anderson, James D. Fulton.

By unanimous consent of the Moderator and Town Clerk, at two o'clock in the afternoon the ballot box was opened and ballots taken therefrom for the purpose of counting; the box substituted for the regular being opened first.

Three "Holt Counting Apparatus" were used in counting the ballots, two Republican and two Democratic Tellers assigned to each.

At four o'clock in the afternoon, in accordance with the vote previously taken, the Moderator declared the polls closed under Article 2.

The check list at the gate had the names of 1304 persons checked as having received ballots.

Adjourned Town Meeting

TUESDAY, March 13, 1906.

Meeting called to order by Moderator John W. Cawley.

ARTICLE 3

Chose, Arthur N. Newhall, Charles W. Lamb and George R. Barnstead, Fence Viewers.

Chose, Charles W. Messer, Robert H. Messer and Frank H. Reynolds, Undertakers.

Voted, That the appointment of Field Driver, Pound Keeper, Measurer of Leather, Measurer of Wood, Bark and Lumber, and Sealer of Weights and Measures be left with the Selectmen.

ARTICLE 4

Voted, To accept the reports of Town Officers and Committees as presented in the town report under date of December 31, 1905.

Voted, To accept the report of the Committee on purchase of land adjoining Town Farm.

REPORT

MR. MODERATOR AND GENTLEMEN:

At the special town meeting held July 26, 1905, a committee of five, consisting of John G. Beede, Walter C. Bancroft, Harry E. Hersam, Joseph W. Holden and Wilson A. Bartlett, was appointed to take into consideration and report upon the advisability of purchasing more land for the Town Farm; your Committee have fully and carefully considered the subject, and respectfully submit the following report and recommendation:

That under the existing circumstances it is for the best interest of the town to purchase the small piece of land ly-

ing directly east of land now owned by the town. Said land contains about 3½ acres, with a frontage on Elm street of nearly 400 feet, and is now owned by William D. Brackett.

There are several reasons why the town should own this land. The first and most important is that of drainage; a matter that, from a sanitary view, must be attended to this spring. This piece of land is about 100 feet from the Almshouse buildings, and being on a lower level than the town land, the natural drainage is in that direction; the cesspools on the east of the buildings are old, and for several years have overflowed onto the land of Mr. Brackett. The price of this land is $1350; and in view of the fact that last year the town received $553.72 for land sold to the Catholic Society, said land being a part of the Town Farm, we shall only be obliged to raise $800 by taxation.

We feel that, looking at the present condition for drainage, and to what might be in the future, when this land will be used for building purposes, that now is the time to buy. And we recommend that the town do authorize the purchase of the same.

JOHN G. BEEDE,
WILSON A. BARTLETT,
WALTER C. BANCROFT,
Committee.

Stoneham, March 13, 1906.

Voted, To accept the report of the Committee on drainage in the vicinity of Isabella street.

The Committee on horses for the Fire Department reported verbally, by W. C. Whitcher: Not advisable at present time.

Voted, To accept the report.

ARTICLE 5

Voted, To raise and appropriate the following sums to defray town charges for the year ensuing:

Public Library and Reading Room, Dog License and	1965.38

ARTICLE 9

Voted, That for the purpose of procuring a temporary loan to and for the use of the Town of Stoneham, in anticipation of the taxes of the present municipal year, the Town Treasurer is hereby authorized and directed to borrow, from time to time, with the approval of a majority of the Board of Selectmen, a sum or sums not exceeding in the aggregate one hundred thousand dollars, and to execute and deliver the note or notes of the town therefor, payable within one year from the time the loan is made. Any debt or debts incurred by a loan or loans to the town under this vote shall be paid from the said taxes of the present municipal year.

ARTICLE 10

Voted, To authorize the Tax Collector to use all means of collecting taxes which the Town Treasurer may use when appointed Collector.

ARTICLE 11

Voted, to excuse Ammi Cutter, Stephen P. Finnegan and Albert S. Woodward from jury duty and to take their names from the list.

Voted, To add to the list of jurors the names of Leonard P. Benton, Curtis M. Child, Charles F. Dinsmore and Albert W. Tenney.

Voted, To accept the list of jurors as revised.

ARTICLE 12

Voted, To grant the free use of Armory Hall to Post 75, G. A. R., six evenings in the coming year, when not otherwise engaged.

ARTICLE 13

Voted, That all taxes not exceeding three dollars in amount shall be due and payable on demand. On all taxes exceeding three dollars in amount, one and one-half per cent discount shall be allowed if paid on or before the tenth day of September; if paid on or before the tenth day of October one per cent discount shall be allowed; if paid on or before the tenth day of November one-half of one per cent discount shall be allowed; and all taxes exceeding three dollars in amount shall be due and payable on the tenth day of December of the current year. On and after December tenth interest shall be charged on all unpaid taxes at the rate of five per centum per annum. On the fifteenth day of February following, the Collector shall proceed to collect taxes of all delinquents according to law. Interest and discount shall be reckoned on even dollars.

ARTICLE 14.

Voted, To water the following streets the year ensuing: Main street from Hancock street to Elm street; Franklin street from Central Square to a point sixty feet east of Pine

street; Central street from Central Square to Pomeworth street; Winter street; Church street; Common street; Tidd street; and Montvale Avenue from Main street to the westerly line of land of Georgianna Boyce.

Voted, That the assessment on abuttors for watering streets as voted be three cents per lineal foot.

ARTICLE 15

Voted, To grant the free use of Armory Hall to the High School Alumni Association one night in the coming year, when not otherwise engaged.

ARTICLE 18

Voted, To repair East street from Spring street to the town line, and to raise and appropriate the sum of three hundred dollars for that purpose.

ARTICLE 30

Voted, To purchase 1000 feet of hose for the Fire Department, and to raise and appropriate the sum of six hundred dollars for the same.

ARTICLE 31

Voted, To locate a fire alarm box at the junction of Pleasant and Spring streets, and to raise and appropriate the sum of one hundred dollars for the same.

ARTICLE 4

Voted, That the Engineers of the Fire Department be a committee to purchase hose voted under Article 30 of the warrant.

Voted, That the Engineers of the Fire Department be a committee to purchase and locate fire alarm box voted under Article 31.

Voted, That Hon. William B. Stevens, David T. Strange, William D. Brackett, Stephen P. Finnegan, Arthur F. Hayward, Bernard H. Cogan, Edgar L. Patch, William P. Fletcher, and William B. Snow serve as the Finance Committee for the ensuing year.

Voted, That the Moderator appoint a Committee of five to consider the advisability of building a new fire station, to report at a future meeting.

Under the authority of the foregoing vote, the Moderator appointed as the committee Hon. Sidney A. Hill, Stephen P. Finnegan, George N. Green, J. Alden Stockwell and Charles W. Lamb.

Voted, That the Moderator appoint a committee of five to consider the advisability of a municipal lighting plant, and that the committee be empowered to investigate and ascertain if the town is supplied the candle power agreed upon.

Under the authority of the foregoing vote, the Moderator appointed as the Committee, Arthur N. Newhall, J. Herman Whitmore, Francis E. Park, Charles J. Emerson, and James F. Moynihan.

ARTICLE 33

Voted, To purchase a drinking fountain, and to raise and appropriate the sum of one hundred and fifty dollars for the same.

ARTICLE 4

Voted, That the Board of Public Works purchase and locate the drinking fountain voted under Article 33 of the warrant.

Voted, To adjourn until Wednesday, March 14, 1906, to meet in Armory Hall at 7.30 o'clock in the evening.

Adjourned Town Meeting

WEDNESDAY, March 14, 1906.

Meeting called to order by Moderator.

ARTICLE 4

J. Alden Stockwell, for the Committee appointed March 8, 1905, to consider the lowering of Gould Meadow Brook submitted the following report:

REPORT

In accordance with the vote of the town on Article 36 of the March meeting of 1905, which reads as follows:

"To see if the town will vote to lower Gould Meadow Brook from Gould street to Pleasant street, to lay a tile or brick drain to conduct the water of said brook between said points, make an appropriation for the same, or what action the town will take in the matter."

A committee of three was appointed to investigate and report, and they referred the same to William B. Jones, Civil Engineer, who reports as follows:

The fall from the railroad culvert at Gould street, to Pleasant street is very slight, that is, a grade of one inch per hundred feet. To obtain a heavier grade or lower the brook will necessitate the lowering of the Pleasant street culvert. A thirty inch pipe can be laid on the present grade, from the railroad culvert to a point about fifty feet north of Pleasant street, a distance of four hundred and ten feet, at an estimated cost of $1125.

The Committee report as follows:

A large part of the town east of Main street and south of Gould street drains into a brook which empties into the Gould Street Meadow. Said brook has been used for many years as a public drain or water course. The gradual im-

provement of the roads by macadamizing them, the making of gutters and catch basins, has tended and is still tending yearly to increase the amount of volume of water which is precipitated into the Gould Street Meadow.

While the town ordinarily would not be liable for any water that drains from the street and gutters into the brook leading into the meadow, still, if the amount was greatly increased in volume, or thrown suddenly upon the meadow, whereby it became inundated at every freshet, the owners of the property would undoubtedly have a claim for damages against the town.

In order to thoroughly drain Gould Street Meadow, the culverts at Gould and Pleasant streets, and the intervening drain, should be lowered at least three feet. A thirty inch tile, brick or preferably cement drain would be required. Gould Street Meadow was formerly a pond, and the water is always near the surface of the ground. A large part of the year the Meadow is nearly flooded. This makes it more or less of a nuisance, greatly depreciates the value of the land and prevents the same from ever being developed. There has been some agitation about taking the Meadow for a public playground. This can never be done until the Gould street outlet is lowered. Mr. Jones, the engineer, thought that a cement or tile drain could be put through the Gould and Pleasant street culverts without disturbing the present drain. The lowering of the water in the Gould Street Meadow would have a tendency to lower the water in the Spencer Meadow, which must by necessity be drained through the Gould Street Meadow. The lowering of the Gould street outlet, therefore, would be partly accomplishing two desirable objects. These two meadows are the only places near the center of the town where stagnant water stands.

The estimated expense of constructing a brick or cement

drain thirty inches in diameter, three feet below the present grade under the Gould street culvert to a point fifty to one hundred feet north of the Pleasant street culvert, is $2000. The construction of such a sewer would effectually take care of all the water that comes through the town brook and flows into the Gould Street Meadow, and would do away with all flooding, and draw down the water three feet below its present level. The meadow would no longer be a menace to health, the land would be made more valuable and it could be easily cultivated.

As to the division of expense:

According to the provisions of Chapter 75 of the Revised Laws, Section 75 and sections following, the Board of Health has authority to abate nuisances arising from wet, rotten or spongy land, or land covered with stagnant water, providing the expense of the abatement does not exceed the sum of $2000, which sum must be previously appropriated. What proportion of the expense should be borne by the town, and what proportion by the various private owners is a matter which might require considerable study.

It might be found that the town should stand all the expense involved.

Respectfully submitted,

J. A. STOCKWELL,
W. H. SPRAGUE,
W. MASSEY.

Voted, To accept the report of the committee on lowering Gould Meadow Brook.

ARTICLE 29

Voted, To clean out the public drain running southerly through Meeting-house Swamp to Doleful Pond, and that the expense be paid from the Miscellaneous appropriation; the work to be done under the supervision of the Board of Public Works.

ARTICLE 38

Voted, To construct a concrete sidewalk on the westerly side of Pine street, from the division line of the town's land and land of Timothy J. Sullivan, northerly to Common street, under the provisions of Chapter 49, Section 43 of the Revised Laws, the expense to be paid from appropriation for concrete.

ARTICLE 41

Voted, To lay a water main in and through Stevens street, from Franklin street north to a point near the residence of Duncan M. Stewart, provided that the water takers guarantee an income to the town of four per cent of the cost of construction, and to appropriate the sum of eight hundred dollars for the same.

Voted, That the Treasurer be authorized, with the approval of the Board of Public Works, to sell one water bond, the issue of which has been authorized by the town, for the extension of the water main in Stevens street voted under Article 41 of this warrant.

ARTICLE 46

Voted, To authorize the Board of Selectmen to petition the Legislature for authority to pay Maurice Meade the sum of $51.51, being the amount of taxes paid by him in Stoneham, from 1895 to 1904 inclusive, on land which he did not own.

ARTICLE 51

Voted, To construct a sewer or drain or both, in and through Isabella and Franklin streets as follows, namely: Beginning in Isabella street at Columbus Avenue, thence through Isabella street to Franklin street; thence through Franklin street to Harrison street, there to connect with the

existing sewer, and to appropriate the sum of nine hundred dollars for the same.

Voted, That the Treasurer be authorized, with the approval of the Board of Public Works, to sell one sewer bond, the issue of which has been authorized by the town, for the extension of the sewer or drain in and through Isabella and Franklin streets, as voted under Article 51 of this warrant.

ARTICLE 53

Voted, To repair and paint the Centre schoolhouse, and to raise and appropriate the sum of three hundred and ten dollars for the same.

ARTICLE 54

"To see if the town will vote to rebuild or repair the fence on the east line of Lindenwood Cemetery, and make an appropriation for the same."

Voted, That the subject matter of this article be referred to the Trustees of Lindenwood Cemetery, they to report at some future meeting.

ARTICLE 57

The order of the County Commissioners, laying out of Orris street or Green's Lane, in Melrose and Stoneham, was read by the Town Clerk.

ORDER

COMMONWEALTH OF MASSACHUSETTS.

MIDDLESEX SS.

At a meeting of the County Commissioners for the County of Middlesex, holden at Cambridge, within and for said County, on the first Tuesday of January, in the year of our Lord one thousand nine hundred and six.

The inhabitants of the city of Melrose and town of

Stoneham in said County, by their petition to said Commissioners, among other matters, pray that a new street may be laid out from a way called Walton Park in said Melrose over and along a private way known as Green's Lane or Orris street to Perkins street in said Stoneham, as will more fully appear, reference being had to the petition filed of record in the case.

The petition was presented to the County Commissioners at their meeting holden at Lowell, within and for said County, on the first Tuesday of September, A. D. 1905, when and where said Commissioners caused notice to be given to all persons and corporations interested therein of the time and place when and where they would meet for the purpose of viewing the premises and hearing the parties, as by the notice on file and of record more fully appear.

And at an adjourned meeting said location was adjudged to be of common convenience and necessity, and thence said petition has been continued to this time.

And now the said Commissioners make return of their proceedings in the premises as follows: Said Commissioners having given notice as the law directs, met at the Aldermanic Chamber in the city hall Melrose, on the twenty-fifth day of January, in the year nineteen hundred and six, when and where the parties appeared, to wit, the petitioners by W. A. Burrell and others, and no person appeared to object.

And the premises having been examined, and all parties fully heard, said Commissioners proceeded to lay out said new street as prayed for in said petition, and the following description is a true description of said street as hereby laid out and ordered.

The northerly line begins at the intersection of the northerly line of Orris street, with the westerly line of Walton Park in said Melrose; thence South 62 degrees 21 minutes and 43 seconds West 197.59 feet to a point; thence on

a curve of 200 feet radius bearing to the left 81.19 feet to a point; thence South 39 degrees, 6 minutes, 13 seconds West 122.63 feet to a point; thence on a curve of 160 feet radius bearing to the right 70.61 feet to a point; thence South 64 degrees, 23 minutes and 21 seconds West 553.07 feet crossing the boundary line between Stoneham and Melrose to a point distant 20 feet from the easterly line of Perkins street in said Stoneham; thence on a curve where tangents are 20 feet, bearing to the right to a point in the easterly line of Perkins street.

The southerly line is parallel to the above described northerly line and forty feet distant therefrom, except that it joins the easterly line of Perkins street, with a curve where tangents are 20 feet.

Stone bounds shall be set to permanently mark the above described line.

The above courses are reckoned from the true meridian, and the description is intended to conform to a plan dated 1906, on which the above described lines are shown in red. A copy of the plan is to be filed with the Clerks of Stoneham and Melrose.

And the said Commissioners determine and order that the inhabitants of the said town of Stoneham and said city of Melrose shall, on or before the first day of July, which will be in the year 1906, lay open, construct and complete said highway, so that twenty-six feet in width thereof throughout the whole shall be safe and convenient for the passage of teams of every description and customary loads. The centre of the travelled part shall be the centre of the location.

The form and manner of construction shall be as follows:

The roadbed shall be properly crowned, drained and graded, the sub grade to consist of suitable gravelly mate-

rial, and the surface to consist of surfacing gravel or broken stone, which shall be hard, smooth and free from inequalities. A sidewalk shall be constructed on the southerly side of the street, guard rails erected at all steep and dangerous places, and the whole done in a workmanlike manner, to the acceptance of the Commissioners.

And the proprietors or occupants of the land over which said highway is thus laid out, are allowed until the first day of May next to remove therefrom any wood, timber, trees or other property. And said Commissioners having heard the proprietors of said lands by themselves or their agents on the subject of damages by them sustained by reason of laying out said highway, have estimated the same as follows, to wit:

Mary Forrest, one hundred dollars, $100.

(To be paid by the town of Stoneham.)

D. Frank Stearns, ten dollars, $10.

(To be paid by the city of Melrose.)

And the said Commissioners determine and order that one hundred dollars ($100.00) is a fair and just proportion of the expense to be paid by the county to the town of Stoneham, and that two hundred dollars ($200.00) is a fair and just proportion of the expense to be paid by the county to the city of Melrose, and said sums shall be paid out of the County Treasury into the treasuries of the town and city respectively, when the work of construction is completed in said town and city, and a certificate is presented by the Selectmen of said town and the Mayor of said city, certifying that all claims by reason of the location of said way have been settled, and said street is completed to the acceptance of the Commissioners.

And the said Commissioners further determine and order that the said city of Melrose shall pay all damages, costs and expenses, if any, not included in the above award,

that any party may by legal process obtain in consequence of said location throughout the portion of said highway, as hereby established in Melrose, and the said town of Stoneham shall, likewise, pay any damages, costs or expenses accruing because of the portion of said street established within the limits of Stoneham; that the highway described in said return be and the same is hereby established as and for a public highway, and that the same be recorded to the end that the same may hereafter be known as such; that the said several sums of money estimated as damages to the said persons by reason of the premises, be paid to them respectively out of the city and town treasuries when the land over which said highway is located has been entered upon and possession taken for the purpose of constructing said highway.

In these proceedings, Edward E. Thompson of Woburn, an Associate Commissioner, acted in the place of Levi S. Gould, Chairman of the Commissioners, who was disqualified by reason of his residence in Melrose.

In witness whereof, we, the said County Commissioners, have hereunto set our hands this tenth day of February in the year of our Lord one thousand nine hundred and six.

SAMUEL O. UPHAM,
FRANCIS BIGELOW,
EDWARD E. THOMPSON,
Associate Commissioner.

A true copy of record,

Attest: Wm. C. Dillingham, Ass't Clerk.

Voted, To raise and appropriate the sum of three hundred dollars to be expended in carrying out the order of the County Commissioners in laying out Green's Lane.

ARTICLE 58

"To hear the report of the Committee on revision of the By-laws and to act thereon."

Fred E. Nickerson, for the Committee on revision of the By-Laws, reported that the Committee had attended to their duty, and presented to the meeting a copy of said revision and moved that the town accept and adopt the said revision as the By-Laws of the town.

J. Alden Stockwell offered as an amendment to the revision as presented by the Committee the following section to be included in Article 1:

"Section—It shall be the duty of the Auditors to have the annual report of the receipts and expenditures of the town for the preceding year printed and ready for distribution at the office of the Town Clerk not later than fourteen days prior to the annual March meeting."

Voted, That the foregoing amendment be accepted and adopted, and added to the Committee's revision of the By-Laws.

Voted, That the revision of the By-Laws as amended, be accepted and adopted as the By-Laws of the town, subject to the approval of the Attorney-General of the Commonwealth as by law required.

ARTICLE 60

Voted, That the suits brought against the town by James F. Cosgriff, Mary A. Cosgriff, Mary A. Lawless, and Mary G. Byron be referred to the Board of Selectmen, they to act as they think for the best interests of the town.

ARTICLE 61

Voted, To concrete the sidewalk on the easterly side of Main street, from Winter street to Pleasant street, under the provisions of Chapter 49, Section 43 of the Revised Laws, and to raise and appropriate the sum of one hundred dollars for the same.

Voted, To adjourn.

CORRECTION OF ORDER OF COUNTY COMMISSIONERS ON LAY OUT OF GREEN'S LANE OR ORRIS STREET IN MELROSE AND STONEHAM

COMMONWEALTH OF MASSACHUSETTS

MIDDLESEX ss.

At a meeting of the County Commissioners for the County of Middlesex, holden at Cambridge, within and for said County on the first Tuesday of January A. D. 1906.

In the matter of the petition of the inhabitants of the city of Melrose and town of Stoneham for laying out a new street from Walton Park in Melrose over and along a private way known as Green's Lane or Orris street, to Perkins street, Stoneham, on which petition a decree was made by said Commissioners dated February 10th last, it appears that in said decree that the description of the lines of said street is in error, and now the said Commissioners correct and amend their decree in accordance with the facts as follows:

The portion of the decree relating to the description of the lines of said street, beginning with the words, "The northerly line begins" and including all the portion of the decree to and including the words "on which the above described lines are shown in red" is stricken out and in place thereof is substituted the corrected description, which is as follows:

"The northerly line begins at the intersection of the northerly line of Orris street with the westerly line of Walton Park in said Melrose, and is thence South 62 degrees, 21 minutes, 43 seconds West 197.59 feet to a point; thence on a curve of 200 feet radius bearing to the left 81.19 feet to a point; thence South 39 degrees, 6 minutes, 13 seconds West 122.28 feet to a point; thence on a curve of 160 feet radius bearing to the right 71.17 feet to a point; thence South 64 degrees, 35 minutes, 31 seconds West 551.75 feet,

crossing the boundary line between Stoneham and Melrose to a point distant 20 feet from the easterly line of Perkins street; thence on a curve whose tangents are 20 feet bearing to the right to a point in the easterly line of Perkins street.

The southerly line is parallel to the above described northerly line and forty feet distant therefrom, (except where said northerly line joins Perkins street on a curve as described) and excepting that it joins the easterly line of Perkins street with a curve whose tangents are 20 feet.

The above courses are reckoned from the true meridian, and the description is intended to conform to a plan dated 1906, on which the above described lines are shown in green."

In all other respects said decree remains unaltered.

In witness whereof, we, the said Commissioners who signed the original decree hereunto set our hands this 5th day of May 1906.

SAMUEL O. UPHAM.
FRANCIS BIGELOW.
EDWARD E. THOMPSON.

A True copy of record,

Attest: ROGER H. HERD, Ass't Clerk.

Town Meeting

WEDNESDAY, June 20, 1906.

Charles Thompson was elected Moderator and sworn by the Town Clerk.

Voted, That the matter of claim for damages of Mary Forrest for land taken by the County Commissioners in laying out Green's Lane, be referred to the Selectmen, with authority to settle the same as they deem for the best interests of the town.

Voted, To appropriate the sum of sixty-seven hundred dollars for the purpose of heating and ventilating the Dean School Building to meet the requirements of the state law relating to the same, and change partitions to meet ventilation.

Voted, That the heating and ventilating apparatus be installed in the Dean School Building under the supervision of the School Committee.

Voted, To appropriate the sum of five hundred dollars to ventilate the sanitary closets in the Centre School Building, and make necessary repairs in connection with the same, in accordance with the recommendations of the State Inspector of Buildings.

Voted, That the ventilating apparatus in the sanitary closets in the Centre School Building, be installed under the supervision of the School Committee.

Voted, To extend the sewer from its present ending on Marble street, in and through Parkway southerly a distance of about six hundred feet, and appropriate the sum of five hundred dollars for the same; and the Town Treasurer is hereby authorized to sell one sewer bond, the issue of which has been authorized by the town for that purpose.

Voted, To extend the water main from its present ending on Parkway, in and through Parkway southerly a distance of about three hundred feet, and to appropriate the sum of three hundred dollars for the same; and the Town Treasurer is hereby authorized to sell one water bond, the issue of which has been authorized by the town, for that purpose.

Voted, That the Town Treasurer be authorized, under the direction of the Selectmen, to issue town notes for the sum of seven thousand two hundred dollars, payable not later than eighteen months from date of issue, the proceeds

to be used for the purposes voted under articles 3 and 4 of this warrant.

Voted, To adjourn.

Town Meeting

THURSDAY, August 30, 1906.

Charles Thompson was elected Moderator and sworn by the Town Clerk.

Voted, To appropriate the sum of $2341.72 for account of highways, the same to be paid to the Sewer Construction account for drains constructed for the highways by the Sewer Department, in the years 1896 to 1902 inclusive, by request of the Board of Selectmen.

ARTICLE 3

Voted, To extend the sewer in and through Franklin street easterly from the end of the existing sewer in said street near Summer street to Highland Avenue.

Voted, To appropriate the sum of $2728 from money in the sewer construction account now in the hands of the Treasurer, for the extension of the sewer in and through Franklin street, as voted at this meeting.

Voted, To authorize the Town Treasurer to sell one sewer bond, the issue of which has been authorized by the town, and to appropriate the sum of one thousand dollars from the proceeds of such sale, in addition to the amount already appropriated at this meeting for the extension of the sewer in and through Franklin street, as voted at this meeting.

Voted, To adjourn.

Town Meeting

FRIDAY, October 19, 1906.

Charles Thompson was elected Moderator and sworn by the Town Clerk.

ARTICLE 2

Voted, To appropriate the sum of six hundred dollars, in addition to the appropriation voted at the meeting held June 26, 1906, the same to be expended to complete the alteration and ventilation of the Dean School Building.

ARTICLE 3

To appropriate the sum of two hundred and fifty dollars in addition to the appropriation voted March 14, 1906, the same to be expended to complete the construction of Green's Lane, sometimes called Orris street, as ordered by the County Commissioners.

ARTICLE 4

Voted, To accept the bequest of the late Georgianna M. Dike, under the conditions of the will, which are as follows:

"I give and bequeath the sum of two thousand dollars to the town of Stoneham, to be held as a permanent fund to be known as the 'George Levi Woodbury Dike Fund,' the income only to be expended annually in the purchase of books for the Public Library of said town, and all books so purchased to be marked with a suitable book-mark indicating that they were purchased from the income of the said Fund."

Voted, That the income from said fund be expended under the direction of the Trustees of the Public Library.

ARTICLE 5

Voted, To sell the building known as the North Street Schoolhouse, the same to be moved from the land on which it now stands; and the Town Treasurer is authorized to receive open bids for ten days from Oct. 25, 1906, and to execute and deliver a good and sufficient deed for the same to the purchaser.

Voted, That the matter of the sale of the land on North street be laid on the table.

Voted, That the Town Clerk be instructed to examine the records at Cambridge to determine the town's title to the lot of land on North Street and report to the town at the annual meeting in March 1907.

Voted, To adjourn.

Town Meeting

TUESDAY, November 6, 1906.

The meeting was called to order by Arthur N. Newhall, Chairman of the Selectmen, and the warrant was read by the Town Clerk, after which the Chairman announced as Tellers, who had been previously appointed by the Selectmen as required by law, who were sworn by the Town Clerk, Wilson A. Bartlett, Charles A. Stone, Charles P. Brawley, Alfred T. Peacock, Clarence S. Lynde, Walter Paige, Herbert G. Daley and Charles F. Blodgett.

The first package said to contain 1900 official ballots, was delivered to the Ballot Clerks, who receipted for the same; the ballot box opened, inspected, the register set at 0, locked, and the keys given in charge of Constable Walter H. George, after which the polls were declared open to receive ballots called for under the warrant.

Voted, To close the polls at four o'clock in the afternoon.

At one o'clock and thirty minutes in the afternoon the ballot box broke down, at which time the register indicated 1074 as ascertained by the Town Clerk, and an open box was substituted to receive the ballots.

The Chairman announced as additional Tellers to assort and count the ballots the following, who were sworn by the Town Clerk:

Republicans, Robert F. Chase, Fred R. Fall, Walter E. Howe, Guy Trombetta, Sumner E. Barnstead, John A. Alden. Democrats, John W. Murphy, Jr., John F. Brosenham, James J. Cody, Andrew V. McDonnell, James H. Fitzpatrick, James Poley.

By unanimous consent of the Selectmen and the Town Clerk, at two o'clock in the afternoon the ballot box was opened and the ballots taken therefrom for the purpose of counting.

Three "Holt Counting Apparatus" were used in counting the ballots; two Republicans and two Democrats assigned to each.

At four o'clock in the afternoon, in accordance with the vote previously taken, the polls were declared closed.

The check-list at the gate had the names of 1296 persons checked as having ballots, as counted by the Tellers appointed for that purpose.

The check-list at the ballot box had the names of 1296 persons checked as having voted, as counted by the Tellers appointed for that purpose.

The number of ballots given out was 1296.

The number of ballots returned to Town Clerk was 604.

The number of ballots taken from the ballot boxes was 1296, as counted by the Chairman.

All the ballots cast having been assorted, counted and recorded in accordance with law, declaration of the same was made as follows:

Whole number of ballots cast.....1296

Soldiers in the Civil War..... 8

Report of the
Board of Selectmen

To the Citizens of Stoneham:

Your Board of Selectmen herewith bring to your attention the following reports and sundry other matters, for the year ending December 31, 1906:

FINANCES

A careful examination of the different reports of the Auditors and Town Treasurer will give you full information in reference to moneys paid out during the year.

LAW SUITS

There are five suits now pending against the town, four for alleged bodily injuries and one for trespass on property.

JURORS DRAWN

January 30, George W. Whitney, Victor R. Burnham, Fred E. Kerns.

February 20, Charles H. W. Carter, Joshua T. Nowell, Charles E. Jennings.

April 3, Charles B. Caldwell, Milburn Furbish, Horace H. Delano.

October 2, Arthur H. Green, John W. Carr, William H. Corcoran.

STREET LIGHTS

There is practically no change in this department, no new lights having been added during the year.

By a system of card reports made by the Police department to the lighting company, the lights have been kept in better order and fewer outs have occurred. We feel that the lighting has been fairly satisfactory.

POLICE DEPARTMENT

Chief of Police Sumner H. Green, with the assistance of Patrolmen John C. C. Small and James J. Scally, reported faithfully for duty according to orders each day. The following report will acquaint you with the various duties as performed by them.

To the Honorable Board of Selectmen,

Gentlemen: — I submit the following report of the work of the Police Department for the year ending December 31st, 1906:

Number of Arrests	121
Males	110
Females	11
Resident	79
Non-Resident	42

Causes of Arrest

Assault and Battery	7
Aiding Prisoner to Escape	1
Cruelty	1
Drunks	53
Doing Broker Business Without a License	1
Disturbing the Peace	1
Exceeding the Speed Limit	5
Escaped Prisoner	1
Habitual Absentee from School	2
Idle and Disorderly	2
Insane	15
Larceny	17

Non-Support of Wife	2
Non-Support of Child	7
Operating Automobile Without License	3
Stopping Railroad Train	1
Trespass	2

Disposition of Cases

Fines Imposed, Number of	29
Amount of Fines Imposed	$292
Asylum	15
Fines Paid	25
Placed on File	33
Sentenced to House of Detention	28
Sentenced to House of Detention Non-Payment of Fines	4
Search Warrants	3
Total Time of Imprisonment	12y 3m 25d
Accidents Reported	16

Defects in Water Pipe	15
Defects in Electric Lights	34
Dogs Killed	68
Lost Children	14
Nuisances Reported	18
Officers at Fires	19
Sick and Disabled People Assisted	30

Stray Teams Cared For..... 6

NUMBER CARED FOR IN THE LOCKUP

Prisoners..... 96

During the year the work of the Police Department has been practically the same as in previous years, while the statistics herewith presented will show an apparent increase in insanity. I would recommend to your Honorable Board that the town provide one padded cell for the protection of patients whom it may become necessary to restrain until such time as they can be conveyed to a hospital.

I take this opportunity to thank your Honorable Board for advice and assistance during the past year; also the officers, and the citizens who have aided me to detect crime and assisted in the discharge of my official duties.

Respectfully submitted,

SUMNER H. GREEN,

Chief of Police and Lockup Keeper.

FIRE DEPARTMENT

We echo the praise by former Boards of Selectmen of our very efficient Fire Department.

We believe that a new Central Fire Station is a necessity and hope that some favorable action in relation to the same may be taken in the near future.

The following is a detailed report of the Engineers.

TO THE HONORABLE BOARD OF SELECTMEN:

The Board of Fire Engineers respectfully submit the following report for the year ending January 31, 1906:

During the year there has been 39 alarms of fire as follows:

February 1. Grass fire on land corner of Main and Elm streets. No damage.

February 16. Fire in dwelling house owned by Ann

Reynolds, on Pond street. Cause, an overheated stove. Damage slight. Loss covered by insurance.

March 2. Fire in dwelling house on Perkins street owned by Ira Noyes. Cause, unknown. Loss covered by insurance.

March 3. Fire in dwelling house on Franklin street owned by Daniel Geary. Cause, an overheated stove. Damage covered by insurance.

March 12. Fire in dwelling house on Warren street owned by W. N. Gray. Caused by hot ashes coming in contact with the woodwork in cellar. Loss covered by insurance.

March 23. Fire in dwelling house on William street owned by M. P. Cleary. Caused by an overturned lamp in the attic. Loss covered by insurance.

March 24. Fire in the chimney on the Farm Hill Depot. Damage slight.

April 8. Fire in dwelling house on Franklin street owned by Mrs. Melvin. Caused by hot ashes falling on a couch. Damage covered by insurance.

April 14. Brush fire on land corner of Main street and Broadway. Cause, burning rubbish. No damage.

April 14. Grass fire on land east side of Franklin street. Cause, unknown. No damage.

April 14. Fire on a bill-board on Main street. Cause, incendiary. Damage slight.

April 17. Still alarm for a chimney fire on Lewis' block, Central street. No damage.

April 19. Brush fire on land of Mrs. Bickford, east side of Main street. Cause, burning brush. Damage slight.

April 19. Brush fire on land north side of Spring street. Cause, unknown. No damage.

April 19. Still alarm for fire in Bellows' store, Central square. Damage slight.

April 28. Brush fire on land north side of Cedar avenue. Cause, unknown. No damage.

April 29. Brush fire on land north side of Lindenwood Road. Cause, unknown. Damage slight.

April 29. Fire in sheds owned by P. A. Dyer on Forrest street. Cause, unknown. Damage slight.

May 1. Fire in dwelling house on Maple street owned by Michael Devlin. Caused by sparks from a brush fire. Damage slight and covered by insurance.

May. 16. Fire in a small building in rear of R. McNelley's blacksmith shop on Main street. Cause, incendiary. Damage slight.

May 31. Fire in a stable on William street owned by W. S. Hanscom. Cause, unknown. Loss covered by insurance.

June 2. Fire in dwelling house on Bow street owned by Miss Locke. Caused by a pan of fat boiling over the hot stove. Damage slight and covered by insurance.

June 3. Fire in dwelling house on Washington street owned by George Cowdrey. Cause, lamp exploded. Loss covered by insurance.

June 11. Fire in dwelling house on Park street owned by J. A. Stockwell. Cause unknown. Insured.

June 11. Fire in dwelling house on Walnut street owned by estate of Henry Holden. Cause, lamp exploding. Loss covered by insurance.

June 21. Fire in dwelling house owned by May Joyce. Cause, using gasoline near a hot stove. Insured. Damage slight.

July 4. Fire in an outhouse in rear of Hanscom's tenement house, Albion street. Cause, incendiary. Damage slight.

July 4. Still alarm for a fire in stable on Central street owned by estate of Cyrus Hay. Damage slight.

July 4. False alarm from Box 65.

July 14. Fire in chimney on dwelling house on Pond street owned by Mrs. Blake. Cause, overheated flue. No damage.

July 15. Brnsh fire on land west side of Perkins street. Cause, unknown. No damage.

August 13. Fire in dwelling house on Summer street owned by Fred Corey. Caused by an overheated oil stove. Loss covered by insurance.

October 7. Fire in dwelling house on Mt. Pleasant avenue owned by Albert Vinton. Caused by cloths falling on a hot stove. Loss covered by insurance.

October 21. Fire in a factory on Main street owned by the Mass. Oilless Bearing Co. Cause, incendiary. No insurance. Damage slight.

October 21. The Department was called to a second fire in the above factory. Caused by smoldering embers.

October 27. Fire in dwelling house on Summer street owned by John Doherty. Cause, overheated stove. Damage slight.

October 27. False alarm from Box 27.

November 25. Brush fire on land north side of North street. Cause, unknown. No damage.

December 1. Fire in Hill block on Franklin street. Cause, unknown. Loss covered by insurance.

During the year property to the value of $75,195.00 has been endangered by fire, on which there has been a gross loss of $5,499.23.

Insurance has been recovered to the amount of $4,688.23, leaving a net loss of $811.

There has been used at fires during the year 11,700 feet of hose, and 730 feet of ladders.

Repairs have been made on Hose House No. 3, and the building is in good condition.

Two hose carriages have been varnished and small repairs made on other wagons of the Department.

Also 1000 feet of hose has been added to the equipment and has been of much service.

The rooms under the Centre school building occupied by Ladder Co. No. 1, and Hose Co. No. 2, will soon need extensive repairs, if they continue to be used as fire quarters.

And we earnestly recommend that a modern fire station be erected, with accommodations for horses.

We wish to thank the members of your Honorable Board for the assistance and encouragement given us in the discharge of our duties during the year.

To the Officers and Members of the several Companies we extend our sincere thanks for the willing and efficient manner in which they have performed their duty.

We also wish to thank the Police Department for the aid rendered at fires by them, and the Citizens of the town for the generous support given by them during the year.

Respectfully submitted,
GEORGE E. STURTEVANT, Chief.
L. F. BRUCE, Asst. Chief.
ALBERT J. SMITH, Clerk.

PUBLIC SCALES

The following report will give you complete information of this department.

To the Honorable Board of Selectmen,

Gentlemen: — The weigher in charge of the Town Scales submits the following report:

Paying loads weighed during the year	774
Non-paying loads weighed during the year	87
Total loads weighed	861

Receipts		$77.40
Expenditures, Weigher's Fee, 75 per cent.	58.08	
Scale Book	1.00	
		$59.08
Balance unexpended		$18.32

ARTHUR F. HAYWARD,
Town Weigher.

BROWN TAIL AND GYPSY MOTHS

We bring to your attention the work of our very able local superintendent of this work Mr. George M. Jefts. The results in removing this pest from our town deserve your praise and we trust you have appreciated his earnest endeavors and have assisted him to your utmost by cleaning up your property of this scourge. We believe we have the best cared for town in the state. The satisfaction expressed by State Supt. Kirkland assures us of this fact.

Respectfully yours,
ARTHUR N. NEWHALL,
CHARLES W. LAMB,
GEORGE R. BARNSTEAD,
Selectmen of Stoneham.

Report of the
Trustees of the Public Library

To the Citizens of Stoneham:

The Trustees herewith respectfully present their annual report.

The attendance and use of the Library has been larger than in any previous year in its history. The open Stack system, according all the privilege of selecting their books

from the shelves, and then having them recorded at the desk has become a fixed usage. To aid patrons who desire new books, several shelves just back of the Librarians' desk, contain the latest fiction and other new books.

During the year the following additions have been made: Garnet and Gosse's Illustrated History of English Literature, 4v; Burton Holmes' Lectures, 10v; Coues' Key to North American birds, 2v.

READING ROOM

The adult reading room has an increasing attendance of older and middle aged people—men who read the daily papers. The following list of magazines and newspapers are in our adult and children's reading-rooms:

Atlantic.
Bookman.
Cassiers.
Century.
Cosmopolitan.
Country Life in America.
Craftsman.
Current Literature.
Delineator.
Electrical World.
Everybody's.
Good Housekeeping.
Harper's.
Ladies' Home Journal.
Library Journal.
McClure's.
Munsey.
New England.
North American Review.
Outing.
Strand.
Success.
Studio.
Technical World.
World's Work.
Birds and all Nature.
Our Dumb Animals.
St. Nicholas.
Young Idea.
Youth's Companion.
Outlook.
Scientific American.
Scientific American Sup.
Illustrated London News.
Harper's Weekly.
Independent.
Collier's Weekly.
Stoneham Independent.
Boston Evening Transcript [Wed. and Sat. editions.

Pacific Monthly.	Boston Journal.
Pearson's Magazine.	Boston Globe.
Popular Science.	Boston Herald.
Review of Reviews.	Boston Evening Record.
Scribner's.	Stoneham Daily Enterprise.

The Music and Art Department of the Stoneham Woman's Club presented a framed picture to the Library, "The Chavennes Panel," which is hung in the Adult Reading Room, and on March 17, 1906, the Trustees voted to tender their thanks for the same, to the Stoneham Woman's Club, through Mrs. G. W. Nickerson, chairman of that department.

The gift to the town of two thousand dollars, to be known as the George Levi Woodbury Dike Fund, and the interest therefrom to be applied to the purchase of new books, has been accepted. It places a permanent fund at our disposal for buying new reference works, and is thankfully appreciated by the Trustees.

The Board of Public Works and the Public Library Trustees, have jointly from their respective appropriations, put one hundred and fifty-four feet and six inches of stone curbing and a gravel sidewalk around the Library on Maple and Warren streets, thereby improving both travel and looks about the Library premises.

Mrs. Boyce as Librarian and Miss Lynde as Associate Librarian have continued to serve us during the year, and E. Porter Dodge as janitor.

For the ensuing year the Trustees recommend the following appropriation: $1700.00, dog tax, and the unexpended balance.

The statistics from the Librarians' report, especially the comparative tables of circulation, should be of interest to the citizens.

Report of the

Board of Assessors

To the Citizens of Stoneham:

We respectfully submit the following report of the valuation of estates, real and personal, assessed in the town of Stoneham, Commonwealth of Massachusetts, for 1906:

Value of Buildings, excluding Land	$2,357,400.00
" " Land, excluding Buildings	2,047,520.00
Total	$4,404,920.00
Total Value of Personal Property	448,910.00
Total Value of Real and Personal Estate	$4,853,830.00

Tax Rate $21.50 on $1000

Tax on Real Estate	$94,705.78
Tax on Personal Estate	9,651.57
Tax on Polls	4,264.00
Total	$108,621.35

Assessed and appropriated

Town Grant	$93,465.68
State Tax	5,565.00
County Tax	5,535.39
Sewer Tax	4,404.90
Metropolitan Water Tax	8,088.06
Wellington Bridge Tax	2,494.51
Park Tax	1,395.09
State Highway Tax	79.10
Overlayings	3,107.54
Total	$124,135.27

Less cash received from state on Corporation and other taxes.	$7,425.86	
Less Metropolitan Water Tax paid from water receipts by Town Treasurer.....	8,088.06	
		$15,513.92
Total		$108,621.35

Number of Residents Assessed on Property..	1128
All Others.....	177
Number of Non-Residents Ass'd on Property	351
All Others.....	56
Total Number Assessed on Property....	1712
Whole Number of Polls Assessed	2132
For Poll Tax Only	1584
Number of Horses.....	342
" " Cows	245
" " Neat Cattle.....	14
" " Swine.....	66
" " Fowl.	1840
" " Dwellings	1464
" " Other Buildings..... .	672
" " Acres of Land.....	2418

When you take into consideration the value of the land, buildings and machinery that the Assessors cannot tax, being exempt by the laws of this Commonwealth, it looks very unjust that we should pay so large a Park Tax, when we have lost so much in the park land that we receive no income from.

The following property in this town is exempt from

taxation, on which we should receive *part* if not all of the taxes from:

Land in the Metropolitan Park, value about..	$300,000.00
Buildings and Machinery of Met. Water Co..	140,000.00
Land, Buildings and Machinery of New England Sanitorium, a Charitable Institution	140,000.00
20 Acres Land of George Wigglesworth, Treas., Chartered for Benev. Purposes	6,000.00
Town of Wakefield Standpipe.....	10,000.00
	$596,000.00

Now the question is, what can we do about it? It looks as if the laws in regard to incorporating benevolent and charitable institutions might be changed so that one hundred dollars put out as charity would not exempt parties from paying a three thousand dollar tax; and we would suggest that our Representative look the matter up and see what can be done to give us more light and less law on the above subject.

There were 33 cities and 321 towns in Massachusetts May 1, 1906. Highest rate in state assessed in town of Tewksbury, $30; lowest rate in town of Gosnold, $3.62. Rates from $5.00 to $9.50 assessed in 18 towns; from $10.00 to $14.80 assessed in 103 towns; $15.00 to $19.80 assessed in 31 cities and 149 towns; $20.00 to $25.00 assessed in 2 cities and 49 towns.

WILSON A. BARTLETT,
JOHN BEST,
GEORGE W. NEWHALL,
Assessors of Stoneham.

Report of the

Commissioners of Public Works

To the Citizens of Stoneham:

The Commissioners of Public Works submit the following report:

HIGHWAYS

This department has been under the supervision of Jos. W. Holden the past year, assisted by C. H. Taylor as foreman. The matters pertaining to this department have received the careful attention of the Board. We feel, however, that the town cannot expect the same results as when they paid $1200 for constant supervision. If the town must have everything they must expect to pay for it. The heavy showers in the spring and summer caused a great amount of damage and reduced the general appropriation considerably. This, coupled with the expense of drains and basins, made the amount to be expended on repairs of Highways quite small. We feel, however, that they are in a safe and passable condition. There are several of our heavily travelled streets that should receive special attention, however. Montvale avenue should be macadamized and the gutters paved, between Main street and the railroad crossing; Washington street should be regraded its entire length; Gould street, from Pine street to Pleasant street; the hill on Chestnut street; and Central street needs repairing from Emerson street to Common street.

The Auditors' report will show an item of $2341.72 as expended by the town on account of Highways. This is the amount that was transferred from the Highways to the sewers and is still in the sewer department to be used in the construction of sewers, and was not expended on Highways.

GREEN'S LANE

We received an order from the County Commissioners to build that part of Green's Lane lying in Stoneham, according to their layout and plan. This has been done. A large amount of ledge was encountered, and a retaining wall 125 feet long, with an average of 4 feet depth, had to be built. This, together with a crushed stone top, made it quite expensive, but it should last a number of years without much repair.

EAST STREET

This street, which without doubt was one of the poorest streets in town, has been rebuilt, with a stone foundation and gravel top, and is now in good condition.

STONE CRUSHER

The Crusher is in good condition and with the regular yearly repairs will last a number of years.

ROAD MACHINE

This Machine is in good repair, but should be painted. This would improve its looks and preserve it.

WATER CART

The same may be said of this part of the Road Machinery. They should be painted and varnished each year to preserve them.

STEAM ROLLER

This Machine will require a general inspection and some repairs before using in the spring. This, like all machines, must be kept in repair to obtain the best results.

DRAINS

We are called upon each year to clean out and repair

innumerable drains and ditches. Some are, no doubt, public drains, and there are others that are not. And as the town has a very limited record of regular laid out and accepted drains, we feel that we cannot legally repair all that are asked for, but we have repaired and cleaned a great many the past year.

BASINS

We have connected some basins with the overdrains the past year, and there are still a number of places where new basins should be built which would benefit our street drainage. An appropriation should be made for this purpose each year for a few years.

GUIDE BOARDS

A number of these have been replaced and some new ones put up the past year. There should be some way derived to stop the destruction of street signs by boys with stones and air guns.

CONCRETE

We must repeat what was said last year in regard to the large number of concrete walks in town which need repairing and if allowed to go any longer will cost just double the amount to repair. Top dressing will save them, which costs one half what new work will cost.

GRAVEL WALKS

There are some walks in town which need repairing. There has been considerable attention paid to these repairs the last year, but all could not be done that was needed. On the whole, they are in better condition than a year ago.

WATER DEPARTMENT

Extension of Mains

A main has been laid on Stevens street from Franklin

street to a point opposite the house of Duncan M. Stewart, a distance of 837 feet, at a cost of 77c per foot. There has also been an extension to the main at the Bear Hill entrance, to the Middlesex Fells, a distance of 350 feet, at an expense of 86c per foot. It was expected that we should be obliged to relay Summer street from Main street to Pine street the past year, but owing to the lateness of the season when this work was reached, it was considered best to let it go over until spring. We have the material on hand with which to do the work, that was purchased this year. We have extended the pipe on East street, by laying a 2 inch pipe to accommodate the new residents on this street, they having given an ample guarantee. The cost of same was $124.89, or about 42c per foot. We have had about the average amount of freezing the past year, the most of it occurring between January 1 and March 31.

Service Pipes

There have been 24 new services and 56 relays the past year, a total of 3739 feet, at an average cost to the town of .44+. This includes all fittings.

Repairs

The usual amount of repairs have been made during the year. About the average amount of leaks have been repaired on mains and also on services. About twenty leaks in the mains and twenty-five in services.

Meters

On this subject a great deal of thought should be given by the townspeople. Now that the town is buying its water by meter, it should be sold by meter, and in this way stop the waste; for there is no question but that there is a very large amount of leakage in our system, caused by leaky fixtures, and a great many allow their water to run to prevent

freezing; and in the summertime a large amount is wasted in the use of hose. If people had to pay for the water by meter they would repair their leaks and stop running hose all night, and watch their meters to see that there was no excess charge. This would not only decrease the amount we would pay the Metropolitan Water Board, but would help to put off the day when we shall have to pay toward an extension of the Metropolitan system, for at the rate the water is being consumed and wasted, it will take only about ten years before the supply will have to be extended. We have at the present time about 30 meters installed in the manufacturing establishments, schools, stables and greenhouses. We have had considerable inquiry about placing them in private dwellings, but this will be impossible until the whole system is revised.

Drinking Fountain

According to a vote of the town, your Board investigated the matter of a fountain, and after visiting several dealers, purchased one of the Puritan Iron Works of Boston. We have made a concrete well beneath the fountain and equipped the same with pipes in such a manner as to allow the same to be filled with ice, and thus people can obtain a cold drink of water in hot weather, and judging from the constant use of the fountain the past season, it is greatly appreciated by the general public. For cost of same see Auditors' report.

SEWER DEPARTMENT

There have been two extensions of sewer the past year, one on Isabella and Franklin streets and one in Bear Hill entrance to the Fells. The sewer on Isabella and Franklin streets is an 8-inch sewer; and also an 8-inch under drain is laid the entire length, a distance of 628 feet, with three

manholes. There was water the entire distance and considerable ledge in Franklin street. The cost for sewer and under drain was $2.40 per foot.

The sewer on Parkway is a 6-inch sewer. In this location there was some ledge and there was two manholes and 580 feet of sewer built, at an average cost of $1.03 per foot.

The whole system has been cleaned and cared for, the regulators inspected each month, and the service is in good condition.

House Connections

Forty-two (42) connections have been made the past year, aggregating two thousand two hundred thirty-six feet (2236) feet, at a cost of one thousand one hundred eighty-five and forty-one one hundredths ($1185.41) dollars, an average cost of .53+ per foot. This makes a total of 588 connections to Jan. 1, 1907.

YEAR	FEET	COST	PER FT
1896	2535	$1,499.48	$.59
1897	3368	1,774.45	.52.60
1898	3229	1,373.33	.42.52
1899	3184	1,571.10	.49.75
1900	4349	2,325.00	.53.70
1901	2721	1,500.24	.55 10

Average per foot for 11 years.....			.47.97

JOSEPH W. HOLDEN,
JAMES A. JONES,
HENRY A. SMITH,
Commissioners of Public Works.

REPORT OF SUPERINTENDENT OF STREETS

To the Commissioners of Public Works:

Gentlemen: — The following is my report for the time from Jan. 1 to April 10, 1906.

The work done has been mainly that caused by the various snow storms during the above time, and the necessary repairs in consequence of the severe rain of March 3, which caused more or less washouts through the town; also the cleaning of basins and gutters necessitated by the same storms.

Respectfully submitted,

GEORGE H. SPATES,

Superintendent of Streets.

It will be seen by the above report that Mr. Spates severed his connection with the town on April 10, 1906, since which time, by reason of the appropriation, the streets have been under the supervision of Mr. Holden, in connection with Mr. Taylor as foreman, and the following is the statement for the balance of the year.

The following streets have received repairs the past year:

Cedar Avenue

This street has been graded and top dressed from Maple street to a point near the house of P. C. Jones, and a railing built around a dangerous curve at this point.

Central Street

Has been regraded and rolled between Common street and Pleasant street, and is now much improved.

Church Street

Has been put in first class condition. A stone bed with stone and gravel top and thoroughly rolled and should last for a number of years.

Chestnut Street

Some repairs have been made on this street near the top of the hill, with gravel, and the road roller was used, but it is useless to waste money on the hills until an appropriation sufficiently large to build them properly with the necessary gutters and basins can be made.

Collincote Street

Has been repaired somewhat the past year, and while it has been neglected for a long time (that part north of Mr. Grant's) because of no person living on it, now that it is built upon it should receive some attention and some more repairs be made.

Elm Street

Has been repaired near Duncklee avenue, and the south walk has been graded between that point and Washington street, and is much appreciated by the people in that locality.

East Street

This street has been thoroughly rebuilt to the Greenwood line with stone and a gravel top, and rolled. The sidewalk on the south side has been improved, but still needs a little more grading on top. The people in that section are much pleased with this needed repair, as without question this was one of the poorest streets in town.

Franklin Street

This street, together with Marble and Main street (north) has received considerable attention. The damage caused by automobiles made it necessary not only to top dress it several times, but also to water them in the dryest part of the year, especially on Saturdays and Sundays. It is also necessary to keep the roadbed free from stone which

work out along the electric road. Some repair was made near the Melrose line caused by the relaying of the tracks that were removed to construct the sewer at this point.

Forrest Street

This street, which has been neglected for the past 25 years, has received some repairs, and the east half of the street is passable, but the west portion should be made passable also.

Green's Lane

An order was received from the County Commissioners to build that portion of the street lying in Stoneham. This has been done, although at a somewhat greater expense than was at first estimated. A large amount of ledge was encountered that was unlooked for, and a long retaining wall was built nearly the entire length on the north side of the street. A stone top was built on this street and rolled and now it is in first class condition.

Harrison Street

Was repaired from Franklin street to South avenue with stone and gravel, and rolled, and is now in good condition.

High Street

This street, on account of its width and steep hill, is a hard one to keep in repair. At the present time it is very flat and allows the water to run in the center of the street, but there is such an area to cover that it would cost a considerable amount of money to grade it properly. On account of the heavy showers the past year we have been obliged to make some repairs on the hills on this street.

Maple Street

That part of the street between Cedar avenue and the

Woburn line was badly washed out and has been repaired. It is now in good condition.

Main Street

Has been top dressed from Union street to Elm street, the top having been removed by automobiles.

Montvale Avenue

This is a very bad street to keep in repair, the hills are constantly being washed out and the travelled part of the road outside the street car tracks is so narrow that the wash-outs are a serious impediment to travel. Something should be done with the gutters on this street. They should be paved and the necessary basins put in to care for the water. We have been called to this street several times the past year to repair it.

Oak Street

Has been repaired between the bridge and the house of Mr. C. P. Price.

Pine Street

Has been repaired near Franklin street.

Pond Street

Has been repaired from the top of the hill to a point near C. A. Kinsley's house.

Pleasant Street

This street has received repairs near Main street; also near Franklin street. A paved gutter has been built at its junction with Summer street.

Stevens Street

The hill on this street between Gould and Franklin streets has been put in a passable condition. The sidewalk

has been dressed and with some further repairs on other parts of the street will make a good street.

Union Street

Has been rebuilt with crushed stone and gravel, has been rolled and is now in good condition.

Warren Street

Has been repaired at its junction with Maple street, a new basin put in, edgestones set in rear of the Public Library and a much needed improvement has been made. This improvement was made by co-operating with the Trustees of the Library.

West Hancock Street

This street was built late last fall and this year required some gravel and rolling; also part of a wall was built at the premises of Edward Bourgeau.

Minor repairs have been made on Broadway, Summer, Gould, Wright, Summerhill and Spring streets.

Gutters and Basins

The gutters have been cleaned and the basins have been emptied a number of times during the year. This is necessary after nearly every storm to prevent the overflows from filling with sand and thus making heavy expense in uncovering pipes and replacing them. The culverts under the several streets have received their regular cleaning and repairing. The culvert on Perkins street has been lowered and rebuilt. Two new basins have been put in and several connected with the overdrains built for that purpose. There should be some added each year and thus improve the surface drainage.

Concrete

The usual repairs on sidewalks, gutters and crossings

have been made, trying in each instance to select those that needed it the most. A new line with edgestones has been laid on the easterly side of Main street between Winter and Pleasant streets; also on the west side of Pine street between Tidd street and Common street.

By vote of the town the brook running through Meeting-House swamp has been cleaned out as far as the Metropolitan Water Board reservation, and they were notified to take care of that end and an answer was received that they would do so.

JOSEPH W. HOLDEN,
Superintendent of Streets.

Report of the
Board of Health

To the Citizens of Stoneham:

The Board of Health respectfully submit the following report for the year ending December 31, 1906.

Our health record as a town for the year 1906, as to the number of cases reported by physicians to the Board of Health, has been but a total of fourteen, which doubtless cannot be equalled by any town of our population in the state. This is largely due to our location, and the excellent service where connection has been made with the Metropolitan sewer. Here we would urge as a duty that every householder who is on the line of the sewer on any street in the town, (and we believe all have been notified to do so, at some previous time,) connect therewith at once, as a measure of private and public welfare, so that the Board of Health may not be under the necessity of enforcing the Acts of 1890, Chapter 132.

Section 1. Every building situated on a public or private street, court or passageway, in which there is a public sewer, shall, when required by the Board of Health of the city or town in which it stands, be connected by a good and sufficient particular drain with such public sewer.

Section 2. Any person owning, leasing or maintaining any building not connected with the public sewer as provided in the preceding section, shall be punished by a fine not exceeding two hundred dollars.

We have, by the display of a little backbone, in refusing to approve bills for two persons taken to the hospitals in Boston for contagious diseases, amounting to $155.75, and for two similar cases in Lynn, for about a like amount, saved the town of Stoneham $300.00 during the year 1906.

Owing to complaints which were made to the Board of Health, rules for the regulation of barber shops were adopted September 28, 1906, printed, framed and put in every barber shop in Stoneham, and seem to be giving general satisfaction, both to barbers and patrons.

We are gratified that the citizens endorsed our recommendation last spring that a people's drinking fountain be put somewhere on our public square, and feel sure none of them have regretted voting for that public improvement.

Conforming to a decision of the State Board of Health, when your own board was struggling to do the right thing toward all concerned in a case of diphtheria in town, a notice was sent to each physician in town, "that cultures for release from diphtheria or membraneous croup must be taken by a representative of the local Board of Health". We asked them to co-operate in carrying out the purposes of the State Board of Health. We are pleased that the physicians in town are giving us their support in this particular.

Your Board of Health holds a relation more far reaching in its effects to the inhabitants of Stoneham than their

fire or life insurance protection, in that it deals with what moves the pulse of everything done in our town — public health. Believing it to be one of our best assets, we recommend that at our annual town meeting, an appropriation of $900 or more if necessary be voted for the collection of all ashes and garbage in the congested parts of the town, as a measure of public health, neglected by Stoneham alone of all the towns in the Metropolitan belt.

STATISTICAL

Slaughtering Permits Granted	2
Permits to Keep Pigs Granted	6
Employing Plumbers' Licenses Granted	3
Cesspools Examined by the Board	24
Undertakers' Licenses Granted	3
Permits to Board State Infants Granted	2
Barbers Subscribing to Rules and Regulations	6
Total	46

Respectfully submitted,
MARTYN D. SHEEHAN, M.D.,
GEORGE A. HINCHCLIFFE,
JOHN C. C. SMALL,
Board of Health.

Stoneham, Mass., January 1, 1907.

To the Board of Health,
Stoneham, Mass.,

Gentlemen: — I hereby submit the following report for the year ending December 31, 1906.

Contagious Diseases Reported		14
Scarlet Fever	1	
Diphtheria	2	
Measles	11	
		14

Number of Deaths Reported		126
Males	56	
Females	70	
		126
Number of Burial Permits Granted		112
Number of Permits for Plumbing Granted		68

Yours respectfully,
GEORGE N. GREEN, Agent.

STONEHAM, January 1, 1907.

TO THE BOARD OF HEALTH,

GENTLEMEN: — I herewith submit my report as Inspector of Plumbing for the year ending Dec. 31, 1906.

Number of Applications received	68
" " Permits Granted	68
" " Old Houses Connected With Sewer	31
" " " " " " Cesspool	3
" " New " " " Sewer	9
" " " " " " Cesspool	6
" " Water Closets Installed	54
" " Sinks "	58
" " Bath Tubs "	31
" " Wash Bowls "	28
" " Sets of Wash Trays "	14
" " Wash Stands "	1
" " Fixtures "	235

In addition with the regular work there has been one new stable connected with a cesspool and an automobile house connected with the sewer.

All the connections of buildings with a cesspool are on streets where the sewer is not provided.

Respectfully yours,
JOHN T. BARKER, Inspector.

ANNUAL REPORT

OF THE

PUBLIC SCHOOLS

OF THE

TOWN OF STONEHAM

FOR THE

YEAR ENDING DECEMBER 31, 1906

School Committee 1906-07

	Term Expires

Winter Term ends	March 20
Spring Term begins Tuesday . . .	March 31

The Spring Term of the High School and Ninth Grade close one week later than indicated above.

Report of the

School Committee

To the Citizens of Stoneham:

The School Committee herewith submit their annual report for the year ending December 31, 1906.

The schools have passed a very successful year, considering the number of changes made in our teaching force, and these changes must continually occur until the salaries of the teachers can be increased.

With two exceptions these teachers have resigned to accept positions in other cities or towns at an increase of salary.

At the beginning of the fall term the committee were obliged to open a new fifth grade school in the Dean building, which has temporarily relieved the crowded condition of the lower grades, but with the number of children now being promoted each year it is a matter of but a short time when another school will have to be opened.

Owing to the large number of pupils in the two seventh grade rooms, at the opening of school in September, it was necessary to employ an assistant teacher. Miss Bertha Hinchcliffe was hired to fill this position, her time being divided between Miss Dike's and Miss Peyton's schools.

The North street school has not been opened during the year. The children in the vicinity have been carried to and from school by Mr. Joseph Butler, as was done the year previous.

For a further and detailed report we refer you to the reports of Superintendent C. E. Stevens and Principal C. J. Emerson, and the department teachers.

For the year ensuing the Committee recommend an appropriation of $29,700 for the support of the schools, to be expended approximately as follows:

Salaries, Fuel and Care	$24,375.00
Books and Supplies	1,600.00
Repairs and Incidentals	2,000.00
Tuition	1,600.00
Secretary and Care of Books	125.00
	$29,700.00

We submit herewith our annual statement:

Appropriation		$29,000.00
Tuition		12.50
Incidentals		31.14
State		159.00
Sale of Old Iron		35.59
		$29,238.23
Salaries, Fuel, Care	$24,159.14	
Books and Supplies	1,638.00	
Repairs and Incidentals	1,837.64	
Tuition	1,475.65	
Secretary and Care of Books	124.94	
		$29,235.37
Unexpended		2.86
		$29,238.23

Respectfully submitted,
WINTHROP C. WHITCHER,
ALBERT S. HOVEY,
WILFRED A. SMITH,
School Committee.

Report of the

Superintendent of Schools

To the School Committee:

In accordance with custom and the requirements of local and state authorities, I have the honor to present herewith my thirteenth annual report.

Appended to this report will be found the usual statistics. In general, they cover the year ending with June 1906, although a few facts in regard to the fall term are included.

The enrollment in September was but little greater than one year ago, yet arrangements could not be made to seat all comfortably without opening another room. Provision was made for the additional school in the Dean, making in all seven schools in this building.

At present there are twenty-six schools, thirty regular teachers and five special teachers. Of the regular teachers, seven are college trained and fourteen have attended normal school.

Changes in the teaching force have been few. Six teachers have withdrawn and eight have been elected. One other, Miss Mary E. Buzzell, absent on leave of absence for a year, died June 21. For eleven years she was a popular and successful teacher in our high school. It has been said of her, "The nobility of her character and the purity of her life appealed powerfully to her pupils. It was her habit to look for the best there was in them and lead them to something better. She was a character builder through her own living and strong influence. By her genial, companionable and sympathetic disposition she readily won and held the esteem of her pupils and all others who knew her well."

The following is the full list of changes for the year:

Mary P. Young	South	Bessie F. Dodge
Grace E. Wade	High	Effie L. Kellogg
Frances M. Carr	Sewing	Catherine L. Powers
Nellie G. DeLay	East	Winifred P. Upton
	Dean	Beulah M. Rhoades
Leon R. Maxwell	Music	Edward N. Griffin
Beulah M. Rhoades	Dean	Annie B. Mann
	Dean	Bertha Hinchcliffe

SEWING

As last year, the girls of grades six, seven, eight and nine have received instruction in this important subject, and very satisfactory work has been done. The sewing teacher, Miss Frances Carr, resigned in June, and Miss Catherine L. Powers of Malden was chosen her successor. Miss Powers was not wholly a stranger, as she gave some time last year in observing the work and assisting Miss Carr. In her report Miss Powers says:

"In grade six forty minutes a week are given to sewing, and the pupils are taught the first principals, as it is their first year. Now they are making sewing aprons of glass towelling.

In grade seven forty minutes a week are given to sewing. At present the girls are making pillow cases.

Grade eight spend one hour a week in sewing and are being taught plain, practical work, such as patching, darning, (both cloth and stocking) button-hole making and how to sew on buttons.

In grade nine the girls are making muslin aprons. They have a lesson of forty-five minutes once in two weeks."

If any change is to be considered in the work in sewing, the first would be the desirability of shortening the course to three years. Possibly it would be an improvement to

offer sewing to the girls of only three grades, giving them somewhat longer lessons.

SCHOOL ATHLETICS

By virtue of authority vested in the School Committee (Acts of 1906, Chapter 251) the following regulations governing athletics in the High School have been adopted:

1. No pupil in the Stoneham High School shall engage in any interscholastic athletic game unless he is up in all his studies and is taking at least fifteen periods of prepared work a week.

2. After January 1, 1907, no pupil shall engage in any interscholastic athletic game unless in addition to the above requirements he shall have passed in all his studies for the preceding term without the necessity of a second examination.

3. No pupil who smokes cigarettes or habitually uses tobacco in any form, shall engage in any interscholastic game.

4. Not more than two interscholastic games shall be played in one week.

5. When two games are played in one week, one shall be played on a holiday, on a Friday afternoon, or on Saturday.

FIRE DRILLS

Some attempt has been made to give fire drills in the larger school buildings, but not with complete satisfaction. There is no way of sounding the fire alarm except by using a hand bell or the bells of the building. This is bungling and inadequate. I would suggest that each building be equipped with a gong of such size as to be heard easily in all parts of the building and to be used exclusively for fire drill purposes.

SLOYD

The department of Manual Training is in the hands of the same instructor as last year. His report is herewith submitted.

Mr. C. E. Stevens, Supt. of Schools,

Dear Sir: — The following report on the Sloyd work is respectfully submitted.

The work has been carried on in the same general way as last year, following the recommendations of the Boston Sloyd Training School. The course embraces some 70 different exercises and the use of over 40 different tools. These exercises are expressed in some 30 models, useful in character and so graded as to meet the needs of the course and capabilities of the pupil.

Ten minutes oral lessons are given at each period on the various exercises, use and care of each tool, beauty of outline, and proper ornamentation, how woods grow and are cured for market.

The standard of work has been fairly good, but the kind consideration of those viewing the models is asked from the fact that in every case it is the boys first attempt and cannot be judged from the standpoint of a skilled workman.

We are extremely fortunate in having an excellent equipment of tools and a room in which there is plenty of light. The only thing to be desired is a place for the boys to hang their clothes, a place to keep the lumber and a proper place to keep finished models. With these improvements the school would be a model of its kind.

I wish to thank the Superintendent, Principal and various grade teachers for their kind co-operation in many matters.

Respectfully,

WALTER F. BRACKETT, Instructor.

DRAWING

The time devoted to this subject is seventy-five minutes a week, somewhat less than in many places. In view of this fact, as much is accomplished as could be expected. I am inclined to think that it may be well to combine the departments of drawing and manual training when the opportunity occurs. The tendency is to have close correlation between these two subjects and to give more attention to mechanical and constructive work.

Miss Cross continues to direct the work in drawing with her usual efficiency. Your attention is called to her report.

STONEHAM, January 1, 1907.

MR. C. E. STEVENS, SUPERINTENDENT OF SCHOOLS,

DEAR SIR: — The work in drawing continues along the same general lines as for the last few years, though of course some changes are necessary each year, in order to better adapt the subjects to the pupils. In the primary grades, some of the mechanical drawing has been replaced by work of a freehand nature. In the fifth and sixth grades construction of models from cardboard, now forms an important addition to the course of study. The development of the surfaces of an object and the actual making of that object, does much to assist the boys when they enter the classes in manual training. Considerable attention has also been paid to the subject of lettering in all the grammar grades. In order to insure interest, this has been studied in the form of Christmas mottoes, which have been colored and made as attractive as possible. The ability to print well is likely to be of use to anyone.

In the ninth grade and the High School, there has been one decidedly new feature during the last year. We refer to the introduction of the tooled leather work. The tooling of leather has been carried to great perfection in the past by

Spain, Germany, Italy, France and other countries, and of late there has been a decided tendency to retrieve the art. In itself, the leather is so beautiful, and so many useful articles can be made from it, it is not strange the work is becoming popular. The pupils are required to make their own designs. The leather is first moistened, the design then traced upon it with a tool which outlines it distinctly. The background may then be rubbed with another tool so as to show a darker color than the design, or it may be finished so as to present a rough surface, while the pattern itself is smooth. Sometimes the leather is modelled, and in this case, the tool is used on the wrong side of the leather so as to raise the design. There are many methods of finishing both the flat and the raised work, and also of combining the two kinds.

There is great advantage in the practical application of the subject of design. Too often the pupil makes a design merely because the teacher demands it, but when the design results in something besides a piece of paper covered with lines, as a bill-book or a purse, — the work is done more readily and also more satisfactorily, because the pupil himself desires it, since he does not care to either use or give away an article that is not beautiful. The tools for leather work are inexpensive, two or three only being necessary. Last year the classes used nut-picks which had been ground to different shapes, and the pupils bought their own leather. As there are so many small articles that can be made from leather, the expense need not be over a few cents.

We desire to thank the teachers, to whose faithful efforts every specialist owes much, and the School Committee and yourself for the many ways in which assistance has been rendered.

Respectfully submitted,

EVELYN F. CROSS, Supervisor of Drawing.

MEMORIAL DAY

It is the law of the state that, "In all the public schools the last regular session, or a portion thereof, prior to the thirtieth day of May, known as Memorial Day, shall be devoted to patriotic exercises." This law was observed in all our schools this year as for many years and with great pleasure.

It is also the law of the state that every schoolhouse shall be furnished with a flag not less than four feet in length and "suitable apparatus whereby such flag may be displayed on the schoolhouse building or grounds every school day when the weather permits and on the inside of the schoolhouse on other days." Since the passage of this law it has always been observed.

The schools are indebted to the patriotic organizations of the town for beautiful flags — one for each schoolroom — which were presented last spring. Accompanying each flag is an excellent holder, resting firmly on the floor, which affords a suitable resting place for the flag when not in use. These flags are the proper size for inside display and for use in giving the flag salute by the pupils.

PUBLIC SCHOOL SAVINGS BANK

Allow me to call your attention to the importance of encouraging pupils to save their money. This is being done in many places by the introduction of school savings banks or the stamp savings system. Upon inquiry I find that plans of this kind meet with general favor on the part of teachers, pupils and parents wherever they have been adopted. If some plan of this kind commends itself to you, I should be glad to see it tried in our schools.

A large number of the children have spending money, but it is often spent in a way to bring no benefit to the spender. Sometimes it is used in a way to produce positive

physical injury. If a plan could be introduced that would cause our children to open bank accounts and begin to save systematically, I am sure the teachers would be glad to assume the extra work involved.

MUSIC

The supervisor of music, after teaching in our schools about a half year, tendered his resignation last summer. Several candidates presented themselves and were given consideration, but the vacancy was not filled until near the close of the fall term. It was then decided to engage Mr. Edward N. Griffin who had been, previous to July 1905, the successful teacher of music in our schools. With the opening of schools in January, Mr. Griffin entered upon his second term of service and was cordially received by all who had previously known him. We expect for the music department a successful year.

HIGH SCHOOL

Nothing more need be said in regard to the High School than to refer you to the report of the Principal, which is here inserted.

Mr. C. E. Stevens, Superintendent of Schools:

Dear Sir:—I have the honor to submit herewith my twelfth annual report:

The total number of pupils enrolled in the High School for the year beginning September 12, 1905, and ending June 29, 1906, was 140.

The average membership for the same period was 127.96.

Our present enrollment is:

In four years Classical Course	41
In four years English and Modern Language Course	57
In three years English Course	7
In three years Business Course	20
Total in High School	125
In Ninth grade	82

The course of study in the High School at the present time is given in the last pages of this report.

I still believe, as I have urged in my former reports, that stenography and typewriting should be added to the course of study.

Many of our boys and girls are going away to Commercial schools at a considerable expense to themselves or to their parents. This is a burden they should not be compelled to bear. A good commercial course can be maintained in the high school at a slight additional cost. Such a course, too, would have a great advantage over that usually given in Commercial schools, inasmuch as it would give a good general education in addition to the strictly business branches. In his report upon "Business and Industrial Education in the High Schools of Massachusetts" Mr. James W. MacDonald suggests the following course, which seems to meet the needs of many pupils most admirably.

The numbers denote periods per week.

First Year. Academic subjects, 13; penmanship and correspondence, 2; typewriting,4.

Second Year. Academic subjects, 10; stenography, 4; bookkeeping and business forms, 3; typewriting ½ period daily.

Third Year. Academic subjects, 11; stenography, ½ period practice daily; bookkeeping and business practice, 3; commercial geography, 3; typewriting practice.

Fourth Year. Academic subjects, 11; stenography, ½ period daily; bookkeeping, 2; commercial arithmetic and commercial law, 4; typewriting practice.

The importance of physical training in connection with mental training is generally recognized. I would suggest that the town in the near future consider the purchase of land suitable for a public playground.

The military company, 69 cadets, is a credit to the

school. Its officers this year are : Clyde R. Perry, captain ; Benjamin Grant, 1st lieutenant; Parker Hutchins, 2d lieutenant; Ralph A. Jenkins, 1st sergeant; Ira E. Bumpus, quartermaster sergeant; John E. Dannahy, 2d sergeant; Chas. T. Ervin, 3rd sergeant; C. C. Steele, 4th sergeant; Daniel P. Hurld, 5th sergeant; Donald Munro, musician; F. Burton Batcheller, Roland K. Batcheller, Ernest C. Gray, William J. Hines, Ralph E. Hyde, Arthur L. Kelley, Oliver M. Souther, corporals. At the annual prize drill Arthur E. Fryer, Warren R. Sleeper and Clyde R. Perry won first, second and third prizes respectively.

I am pleased to say the class of 1906, following the example of many preceding classes, presented a beautiful picture to the school. This picture "Angel with the Viol" was especially appropriate for our assembly hall, where it now hangs, a tribute to the loyalty and generosity of its donors.

In closing this report I will say the school year just past has been characterized by harmony and diligent work.

Respectfully submitted,

CHARLES J. EMERSON Principal.

EVENING SCHOOLS

During the month of October a petition was received from our Greek and Armenian residents urgently requesting the opening of an evening school. More than thirty of them expressed their intentoin of attending if a school was to be established. Several other individual requests of the same nature were received from a few of our young people who feel the need of further education. I would suggest that a small appropriation be made by the town so that the Committee may feel at liberty to offer evening school advantages to all who are anxious to avail themselves of the opportunity to attend.

SIGHT AND HEARING TESTS

Two sections of Chapter 502, Acts of 1906, read as follows:

SECTION 5. The School Committee of every city and town shall cause every child in the public schools to be separately and carefully tested and examined at least once in every school year to ascertain whether he is suffering from defective sight or hearing, or from any other disability or defect tending to prevent his receiving the full benefit of his school work, or requiring a modification of the school work in order to prevent injury to the child or to secure the best educational results. The tests of sight and hearing shall be made by teachers. The committee shall cause notice of any defect or disability requiring treatment to be sent to the parent or guardian of the child, and shall require a physical record of each child to be kept in such form as the state board of education shall prescribe.

SECTION 6. The state board of health shall prescribe the directions for tests of sight and hearing and the state board of education shall, after consultation with the state board of health, prescribe and furnish to school committees suitable rules of instruction, test-cards, blanks, record books and other useful appliances for carrying out the purposes of this act, and shall provide for pupils in the normal schools instruction and practice in the best methods of testing the sight and hearing of children. The state board of education may expend during the year nineteen hundred and six a sum not greater than fifteen hundred dollars, and annually thereafter a sum not greater than five hundred dollars for the purpose of supplying the material required by this act.

The material to be used in making and recording these tests was received from the state officials about the first of December, and the teachers began at once the work re-

quired of them. The examinations were permitted to some extent during school hours, so that the work might be performed expeditioulsy. All the tests were made and the records completed before the close of the term.

It is assumed that the results obtained are not entirely accurate. Doubtless errors have been made, for the teachers are not trained experts in this line. Yet it may be claimed with considerable confidence that no marked defects in sight and hearing have escaped detection.

It appears to be true that about twenty per cent of the pupils have imperfect eyesight, while about five per cent have serious difficulty with the eyes. Nearly four per cent of the pupils wear eye glasses, but these were not included in the examination, it being assumed that their eyes had received attention. Evidently many not now using glasses should have them, and parents who have been advised in this matter are urged to take action without delay.

As least eight per cent of the children are defective in hearing in at least one ear, but only about one half of these are seriously defective. It is possible that in most of these cases the trouble would yield to treatment, if competent medical advice is secured.

A summary of the record of sight and hearing tests is given in the last pages of this report.

SCHOOL PHYSICIANS

Section 1, Chapter 502, Acts of 1906 provides that "The School Committee of every city and town in the Commonwealth shall appoint one or more School Physicians," but by the provisions of Section 7 of the same act the Committee is not permitted to incur any expense for this purpose beyond the amount appropriated by the town. If there is no appropriation, there can be no School Physicians, unless they are willing to serve without pay. Having in mind all

matters pertaining to the physical welfare of the pupils, I am in favor of a small annual appropriation to carry out the provisions of the act. The health of the teachers and pupils should be afforded every possible protection.

In conclusion allow me to say that much good work is being done in our schools, but the best is not yet. We must never be satisfied while something better is possible.

I am longing for a time when we shall be able to attend to the physical and moral development of children in a better way. There is still much to be desired along these lines.

I desire to express my deep appreciation of the confidence imposed in me by entrusting me so many years with the administration of the schools of your care.

Respectfully submitted,

C. E. STEVENS,

Superintendent of Schools.

Report of the

Special Committee to Make Alterations and Repairs on Dean and Center Schools

To the Citizens of Stoneham:

On April 14, 1906, the School Committee received a communication from Mr. Burfitt, State Inspector of Buildings, ordering them to arrange some means of ventilating the Dean School Building; improve the ventilation of the rooms and ventilate the sanitary closets in the Center Building; together with several other changes, such as double outside doors and closing stairways leading to the basement of the Dean building.

The Committee immediately took the matter in hand, and after having the boiler in the Dean building inspected, found it practically beyond repair.

It was then decided to install a combination heating and ventilating system in the Dean building and a Fuller & Warren Co's system was selected.

The work was begun about the middle of July and was not finished until about the 20th of September, thus delaying the opening of school for about ten days.

The heating and ventilating plant consisted of six furnaces for heating the rooms and one boiler for heating the ventilating flues and heating the corridors and teachers' rooms.

The system has worked in a very satisfactory manner thus far and has been given a good test during the months of December and January just past.

In the Center building the rooms and sanitary closets have been ventilated and the Committee have purchased a small boiler to furnish heat for the ventilators when the large boiler is not in use during the warm weather.

The Committee have endeavored in every respect to obtain for the money expended something that is lasting and satisfactory and we feel that the heating and sanitary systems of these two buildings are in a good condition for years to come.

At the annual town meeting in March and at a special town meeting in June, the following sums were appropriated for the repairs and alterations: Dean Building $7,300; Center Building $810.

We herewith submit our financial statement:

Dean Building

Appropriation	$7,300.00
Receipts	47.52
	$7,347.52

Detail of Expenditure

Fuller & Warren Co. (contract)	$6,348.00

WINTHROP C. WHITCHER,
ALBERT S. HOVEY,
WILFRED A. SMITH,
Committee.

Report of the
Overseers of the Poor

TO THE CITIZENS OF STONEHAM:

The Board of Overseers of the Poor herewith present their annual report for the year ending December 31, 1906.

The work of the Poor Department is very clearly de-

fined by the statute laws, and the expenditures are governed to a large extent by the demands, over which the Overseers have no control. Under these circumstances it is our aim and duty to immediately aid all needy cases, always remembering that we should work for the best interest of the town, without doing injustice to the deserving poor whom we are lawfully bound to aid.

On September 18, Mr. and Mrs. L. W. Colburn, warden and matron at the Almshouse, tendered their resignation to take effect October 1. The resignation was accepted. Our board was very fortunate in securing the former warden and matron, Mr. and Mrs. Hiram H. Lufler, to serve out the balance of the term.

By careful economy we have been able to keep within our appropriation.

Our acknowledgements are again due to the various charitable and benevolent societies of the town for their sub-tantial aid; also to the individuals who so generously remembered the inmates at the Almshouse at Christmas time.

The number and name of those cared for at the Almshouse during the year appear below, with the disposition of each case. There was one death, Miss Mary Kelley.

NO.	NAME	AGE	ADMITTED	DISPOSITION
3	Samuel Gerry	73	Dec. 2, 1858	Continues
55	Leander F. Goodwin	70	June 6, 1881	"
80	Maggie W. Bailey	47	Nov. 7, 1883	"
141	George W. Cowdrey	60	Feb. 6, 1892	"
212	John B. Clough	70	Dec. 4, 1900	"
214	Elias P. Prime	93	Jan 15, 1903	"
218	Mary Kelley	72	June 30, 1905	Died Dec. 19, '06
219	Bernard Cunningham	40	Nov. 17, 1905	Dis. Feb. 8, '06
220	John Cunningham	51	Nov. 11, 1905	Dis. Nov. 30, '06
221	Michael Nelson	50	Jan. 10, 1906	Dis. Feb. 5, '06

OUTSIDE RELIEF

There is no material change from last year. The insane are all cared for by the State. The names of the feeble minded and epileptics supported by the town are as follows:

Arba H. Clark at School for Feeble Minded.

Fern Kinsley at School for Feeble Minded.

Leon Gay at Hospital for Epileptics.

A test case is now being tried as to whether the feeble minded and epileptics should not be cared for by the State the same as the insane.

There are no minor children under our immediate care.

For the detailed statement of receipts and expenditures we refer you to the report of the Auditors.

TOWN PHYSICIAN

Dr. A. H. Cowdrey was reappointed, and for details of care and medical attendance we refer you to his report.

WILSON A. BARTLETT,
JOHN G. BEEDE,
WALTER C. BANCROFT,
Overseers of the Poor.

TOWN PHYSICIAN'S REPORT

To the Overseers of the Poor,

Dear Sirs: Again it gives me pleasure to submit to you my report for the year ending December 31, 1906.

I was pleased to welcome back to the farm Mr. and Mrs. Lufler, who had previously served us so faithfully in caring for the Farm and the poor in the house. I feel sure that everything will be satisfactorily cared for by them,

During the year I have made seventy (70) visits at the Farm. There has been one (1) death. Upon the poor

outside the Farm I have made one hundred and forty-three (143) visits. There was one (1) death.

Respectfully submitted,
ARTHUR HARRIS COWDREY,
Town Physician.

Jan. 1, 1907.
Stoneham, Mass.

Report of the

Sealer of Weights and Measures

To the Citizens of Stoneham:

I herewith submit the following report for the year ending December 31, 1906:

The number of scales, weights and measures found incorrect is yearly growingless. In 1906 the number found incorrect and condemned was 1873; this year 184. Under the present law the Sealer has no right to inspect the computing part of the so called barrel scale. The law should be changed so that sealers could inspect the computing as well as the weighing part of the scale.

Whole number Scales, Weights, Measures, Cans and Bottles Inspected		8,369
Whole number found Correct and Sealed	8,185	
Whole number Incorrect and Condemned	184	
		8,389

WILSON A. BARTLETT,
Sealer of Weights and Measures.

Report of the

Trustees of Lindenwood Cemetery

To the Citizens of Stoneham:

The Trustees of Lindenwood Cemetery respectfully submit the following report, viz:

TOWN WARRANT

COMMONWEALTH OF MASSACHUSETTS

MIDDLESEX, SS.

To John C. C. Small, or either of the Constables of the Town of Stoneham, in the County of Middlesex. GREETING:

In the name of the Commonwealth of Massachusetts, you are directed to notify and warn the inhabitants of the Town of Stoneham, qualified to vote in elections and town affairs, to meet in Armory Hall in said town, on

Monday, the Fourth Day of March,

A. D. 1907, at five o'clock and forty-five minutes in the forenoon, to act on the following articles of this warrant:

The polls for the election of all officers and to vote on the license question, will be opened at 5.45 o'clock in the forenoon, and may be closed at four o'clock in the afternoon.

ARTICLE 1. To choose a moderator to preside at said meeting.

ART. 2. To choose a Town Treasurer, three Selectmen, three Assessors, three Overseers of the Poor, three Constables, two Auditors, a Tax Collector, and a Tree Warden, all for one year; also one Commissioner of Public Works, one member of the Board of Health, one member of the School Committee, one Park Commissioner, and two Trustees of the Public Library, all for three years; also one Trustee of Lindenwood Cemetery for five years; also to vote "Yes" or "No" in answer to the question, "Shall licenses be granted for the sale of intoxicating liquors in this town?" all on one ballot, in accordance with votes of the town, and the Revised Laws of Massachusetts.

ART. 3. To choose all other necessary Town Officers for the year ensuing.

ART 4. To hear the reports of Town Officers and Committees and to act thereon, and to choose Committees.

ART. 5. To raise such sums of money as may be necessary to defray town charges for the year ensuing, and make appropriations for the same.

ART. 6. To see what sum of money the town will vote to raise and appropriate for repairs and decoration of soldiers' graves for the year ensuing.

ART. 7. To see what sum of money the town will vote to raise and appropriate for the purchase of books, and for the support of the Free Public Library and Reading Room for the year ensuing.

ART. 8. To see in what manner the town will appropriate the money received for licenses of dogs.

ART. 9. To see if the town will authorize its Treasurer to hire money for the use of the town, under the direction of the Selectmen.

ART. 10. To see if the town will authorize its Collector to use all means of collecting taxes which the Town Treasurer may use when appointed Collector.

ART. 11. To see if the town will accept the List of Jurors as revised by the Selectmen.

ART. 12. To see if the town will vote to grant the free use of Armory Hall to Post 75, G. A. R., six evenings in the coming year, when not otherwise engaged.

ART. 13. To see if the town will vote to grant the free use of Armory Hall to Leon E. Warren Camp 33, L. S. W. V., five evenings in the coming year, when not otherwise engaged.

ART. 14. To see if the town will vote to grant the free use of Armory Hall to the High School Alumni Association one evening in the coming year, when not otherwise engaged.

ART. 15. To see if the town will vote to fix the time for allowing discounts on taxes, and also fix the time when uncollected taxes shall go on interest; fix the rate of discount to be allowed, and the rate of interest to be charged, and take such other action as may be necessary in relation to the same.

ART. 16. To see if the town will vote to water the streets of the town, or any of them, or do anything in relation to the same.

ART. 17. To see what sum of money the town will vote to raise and appropriate for services of a school physician, as required by Chapter 502 of the Acts of the year 1906.

Art. 18. To see if the town will vote to have the valuation for the year 1907 printed, make an appropriation for the same, or do anything in relation thereto.

Art. 19. To see if the town will authorize the Selectmen to enter into a contract for a term of years, for the municipal lighting of the town, or do anything in relation to the same.

Art. 20. To see if the town will vote to build a central fire station, or do anything in relation to the same.

Art. 21. To see if the town will vote to purchase horses for the use of the Fire Department and for general uses of the town, together with such carts, harnesses and general equipments necessary for such general uses, or do anything in relation to the same.

Art. 22. To see if the town will appropriate money sufficient to carry out the provisions of Articles 20 and 21, and authorize the Town Treasurer under the direction of the Selectmen to issue notes of the town for the same, or do anything in relation to the matter.

Art. 23. To see if the town will vote to sell, or remove from its present location, the building now used as a fire station at the corner of Pine and Tidd streets, or do anything in relation to the same.

Art. 24. To see if the town will vote to purchase a lot of land to be used for municipal purposes, make an appropriation for the same, or do anything in relation thereto.

Art. 25. To see if the town will vote to adopt the meter system for assessing water rates, make an appropriation therefor, or do anything in relation to the same.

Art. 26. To see if the town will vote to construct a sewer in and through Franklin street, from Summer street easterly to Stevens street and make an appropriation for the same: and take such other action as may be necessary to properly construct said sewer.

Art. 27. To see if the town will accept as a public drain, the drain or ditch as laid out by the Selectmen, running from Main street, southerly of Marble street, westerly to the east side line of Park Road, make an appropriation for the same, or do anything in relation thereto.

Art. 28. To see if the town will vote to accept that part of the drain, said drain having been laid out as a public drain, in and through land of Wesley N. Gray on the easterly side of Park Road, appropriate the sum of $500 to reimburse said Gray for the cost of piping and covering said drain, or do anything in relation to the same.

Art. 29. To see if the town will vote to lay a water main in and through Broadway from Main street easterly to High street, make an appropriation for the same, or do anything in relation thereto.

Art. 30. To see if the town will vote to lay a water main in and through West Hancock street, from Park street westerly three hundred and fifty feet, make an appropriation for the same, or do anything in relation thereto.

Art. 31. To see if the town will vote to repair Elm street, from the Wakefield town line to Main street, with macadam or other material, make an appropriation for the same, or do anything in relation thereto.

Art. 32. To see if the town will vote to accept that portion of Columbus avenue between Isabella street and land of John Walsh on the west, as laid out by the Selectmen; appropriate money to construct the same; pass any vote or take any action relative thereto.

Art. 33. To see if the town will vote to construct a sewer or drain in and through that part of Columbus avenue between Isabella street and land of John Walsh on the west, and connecting with sewer and drain in said Isabella street; appropriate money therefor; pass any vote, or take any action relative thereto.

Art. 34. To see if the town will vote to pave the gutters and establish proper catch basins on Montvale avenue, from Main street westerly to the tracks of the Boston & Maine R. R., and make an appropriation for the same.

Art. 35. To see if the town will vote to locate a fire alarm box at the corner of North avenue and Harrison street and make an appropriation for the same.

Art. 36. To see if the town will vote to construct the sidewalk on the westerly side of Congress street, from the south line of land of Frank Huckins on said street, southerly to Marble street, make an appropriation for the same, or do anything in relation thereto.

Art. 37. To see if the town will vote to construct a drain across William street, from land of John P. Hylan to land of Sumner Richardson, make an appropriation for the same, or do anything in relation thereto.

Art. 38. To see if the town will vote to open and clean out the drain crossing Washington street, opposite Washington court, make an appropriation for the same, or do anything in relation to the same.

Art. 39. To see if the town will raise and appropriate the sum of $900 for the collection of ashes and garbage in the town the present year, or do anything in relation to the same.

Art. 40. To see if the town will vote to concrete the sidewalk on the northerly side of Spring street, from Green street to Eustice street, under the provisions of Section 43 of Chapter 49 of the Revised Laws, make an appropriation for the same, or do anything in relation thereto.

ART. 41. To see if the town will vote to concrete the sidewalk on the southerly side of Common street, from Central street to Pine street, under the provisions of Section 43 of Chapter 49 of the Revised Laws, make an appropriation for the same, or do anything in relation thereto.

ART. 42. To see if the town will vote to locate three incandescent electric lights on Collincote street, between the residence of James Grant and Main street, make an appropriation for the same or do anything in relation thereto.

ART. 43. To see if the town will vote to locate incandescent electric lights as follows:—One on Summerhill street near the house of Mary L. Martsch; one on William street near the house of William S. Hanscom; one on Pine street near the corner of Common street; one on Duncklee avenue near the house of Amasa W. Nason; three on William street west of Main street; make an appropriation for the same, or do anything in relation thereto.

ART. 44. To see if the town will vote to install electric lights in the rooms of Co. H, 6th Regt., located in the Armory building, make an appropriation for the same, or do anythiug in relation thereto.

ART. 45. To see if the town will vote to sell the land on North street, known as the North street school lot, or do anything in relation to the same.

ART. 46. To see if the town will vote to raise and appropriate the sum of $100 for guide boards, or do anything in relation to the same.

ART. 47. To see if the town will vote to raise and appropriate the sum of three hundred and fifty dollars for railing streets, or do anything in relation to the same.

ART. 48. To see if the town will raise and appropriate the sum of twelve hundred and fifty dollars for maintenance of sewers, or do anything in relation to the same.

ART. 49. To see if the town will vote to rebuild or repair the fence on the east line of Lindenwood Cemetery, make an appropriation for the same, or do anything in relation thereto.

ART. 50. To see what sum of money the town will raise and appropriate for repairs to concrete sidewalks the present year.

ART. 51. To see if the town will vote that licenses under the By-Law to collect and deal in junk and second hand articles, be granted to citizens of the town only.

And you are directed to have one hundred copies of this warrant printed, and to serve the same by posting up twenty-five attested copies as follows, viz:—One at each of the Meeting-houses and School-houses in said town, and the residue of the twenty-five copies in conspicuous

places in different sections of said town, seven days at least before the time for holding said meeting. The remaining seventy-five copies you are required to have at the place and time of meeting as aforesaid for distribution.

Hereof fail not, and make due return of this warrant with your doings thereon to the Town Clerk at the time and place of meeting as aforesaid.

Given under our hands this nineteenth day of February, in the year of our Lord one thousand nine hundred and seven.

ARTHUR N. NEWHALL,
CHARLES W. LAMB,
GEORGE R. BARNSTEAD,
Selectmen of Stoneham.

A true copy, Attest: JOHN C. C. SMALL, Constable.
